

New York City Police Department Transit Bureau Transit District 23

Intelligence Bulletin: Gang Identifier

On January 17, 2011, Police Officer Andrew Moreno, Transit District 23, arrested the brother of a Bloods (59 Brims) street gang member. Upon examining the perpetrator's clothing, Officer Moreno observed that the letter "C" in "59 Blocks" was crossed out; this is commonly done by Bloods gang members. Upon questioning the defendant regarding the crossed out "C," the defendant admitted that his brother is a 59 Brims (Blood set) gang member, and the crossed out "C" is to disrespect Crip gang members. The perpetrator elaborated that the "Hats Up" on the front of the hat is displayed to reflect that the wearer is a proud member of the 59 Brims.

The information was received from Police Officer Robert Mallins, Transit District 23. Please call, email, or send via Department mail, any new information regarding any improvised weapons, traps, concealment methods, etc. that you may have encountered.
